Sneha Thomas

Kochi, Kerala | +91 90000 55555 | sneha.thomas.ml@example.com | linkedin.com/in/sneha-thomas-demo | github.com/sneha-ml-demo

SUMMARY

Machine Learning Engineer with 1 year of experience building NLP and computer vision models and deploying them as APIs. Strong in Python, PyTorch, scikit-learn and MLOps basics.

SKILLS

ML/DL: Machine Learning, Deep Learning, NLP, Computer Vision, Generative AI, LLMs, Prompt Engineering
Frameworks: PyTorch, TensorFlow, Keras, scikit-learn, Hugging Face Transformers, OpenCV
Data: Python, Pandas, NumPy, SQL, Spark (basic)
Deployment: FastAPI, Docker, AWS (EC2, S3), Git, MLflow

EXPERIENCE

Machine Learning Engineer, NeuralNest AI, Infopark Kochi | Sep 2025 - Present

- Fine-tuned a BERT model to classify 30,000 customer support tickets with 91% accuracy.
- Deployed models as FastAPI services in Docker on AWS EC2, serving 5,000 requests a day.
- Built an LLM-based resume summarizer using retrieval and prompt engineering.

AI Intern, Kerala Digital University Research Lab | Jan 2025 - Jun 2025

- Trained a YOLO model to detect coconut tree diseases from drone images (mAP 0.82).

PROJECTS

Malayalam News Classifier | PyTorch, Transformers

- Classified 20,000 Malayalam news articles into 8 categories with 88% F1-score.

Fake Job Posting Detector | scikit-learn, NLP

- TF-IDF + Logistic Regression model on the EMSCAD dataset, 96% accuracy.

EDUCATION

M.Tech in Artificial Intelligence, Digital University Kerala | 2023 - 2025

- CGPA: 8.9 / 10

B.Tech in Computer Science, Rajagiri School of Engineering | 2019 - 2023

- CGPA: 8.3 / 10
